

LINGI2142 Computer Networks

Project 1

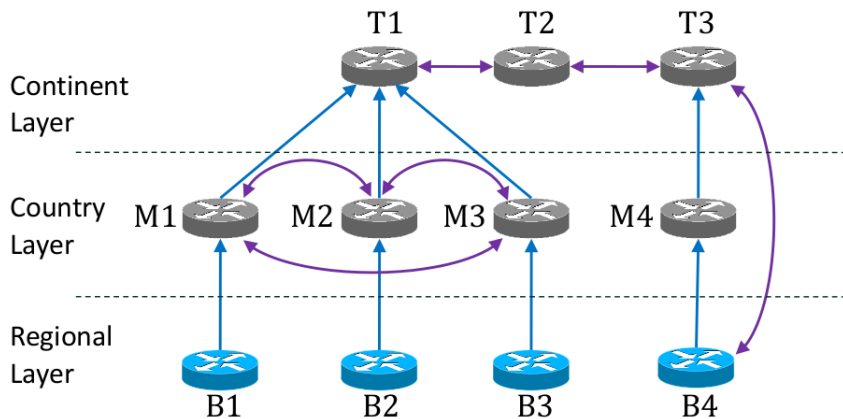

Group 2

Université Catholique de Louvain - INGI

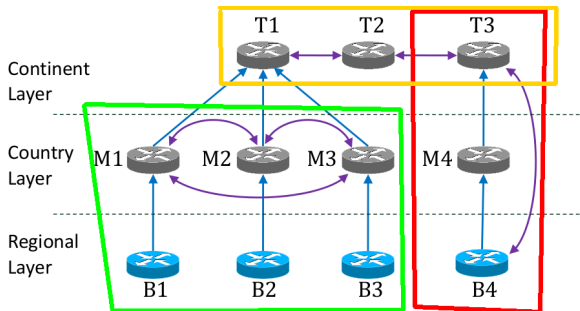

5th March 2014

Introduction

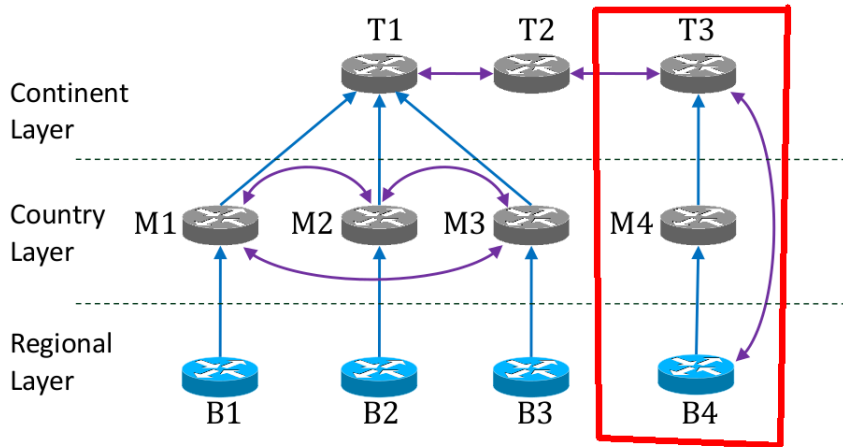

Issues

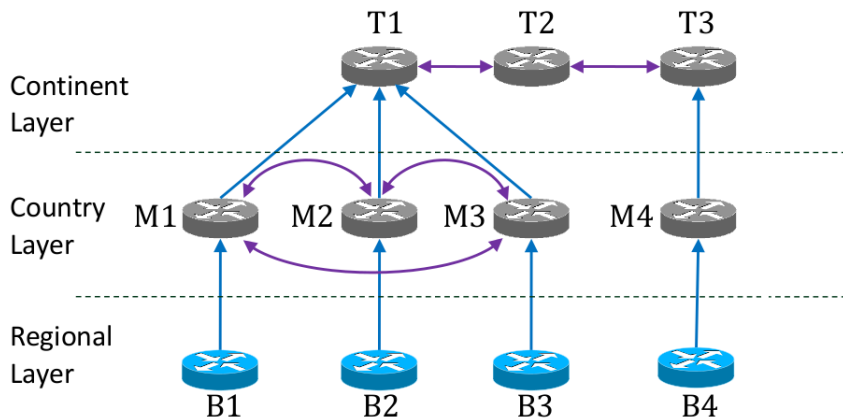

- Peer link between B4 and T3.
- Routes transmission between T1 and T3.
- Oscillation on M1-M2-M3.

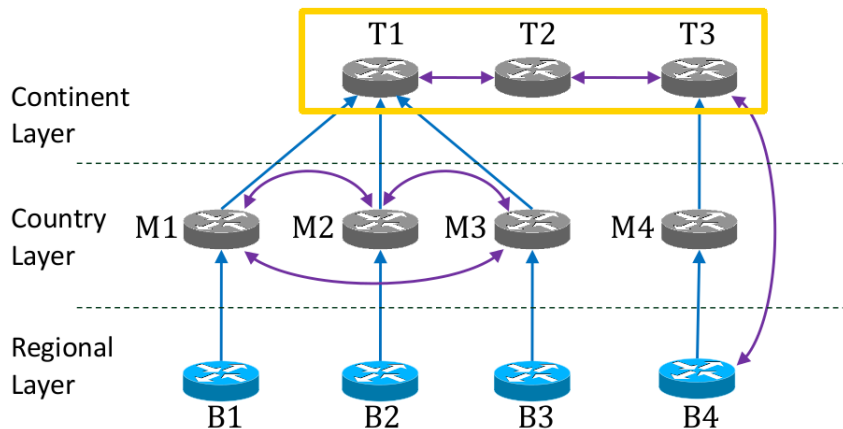

First issue : Peer link between B4 and T3

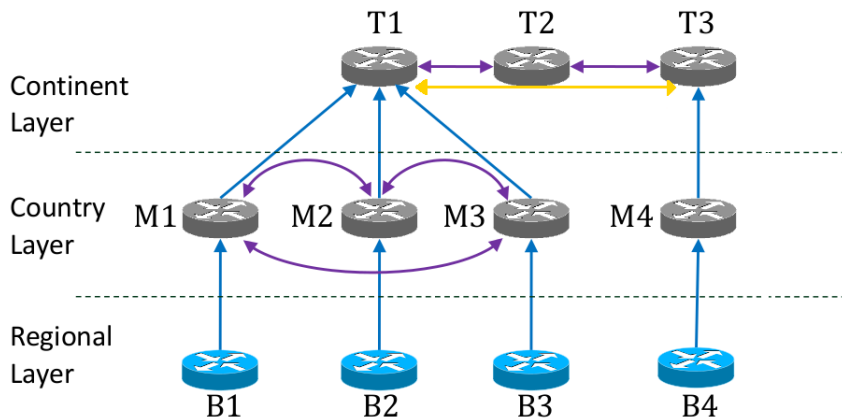

Solution

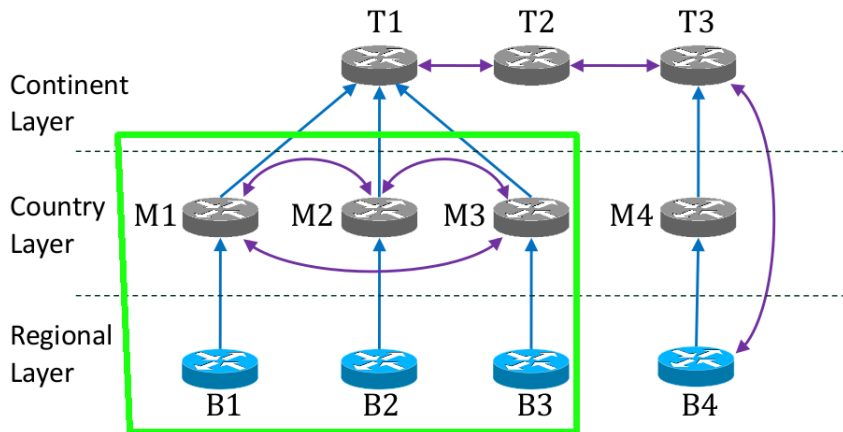

Second issue : Route transmission between T1 and T3

Solution

Third issue : Oscillation on M1-M2-M3

Solutions
